

WIRELESS-AC REPEATER WR06

IMPROVES THE WIRELESS RANGE & COVERAGE IN AND AROUND YOUR HOME OR OFFICE

**UPTO
1200
MBPS**

- Provides access to the internet for devices located on the edge or out of the range of the access point
- Ensures reliable high-speed internet coverage for devices such as **LAPTOPS, TABLETS, SMARTPHONES, GAME CONSOLES AND SMART TVS**
- Offers extra speed when multiple users are active on 1 Wi-Fi network
- With LAN port for optional connection to a device by internet cable.
- WLAN 802.11AC for wireless high-speed access (up to 1200 Mbps)
- Downward compatible with 802.11n (300 Mbps), 802.11g (54 Mbps) and 802.11b (11 Mbps)
- **DUAL-BAND:** Supports 2.4GHz and 5GHz WLAN networks
- Maximum security with WPA2, WPA and WEP (128/64) security protocols
- WPS button for quick connection to your tablet, phone, PC, etc.
- Smart LED signal strength indicators indicate the best location for your repeater

**SMALL
SIZE!**

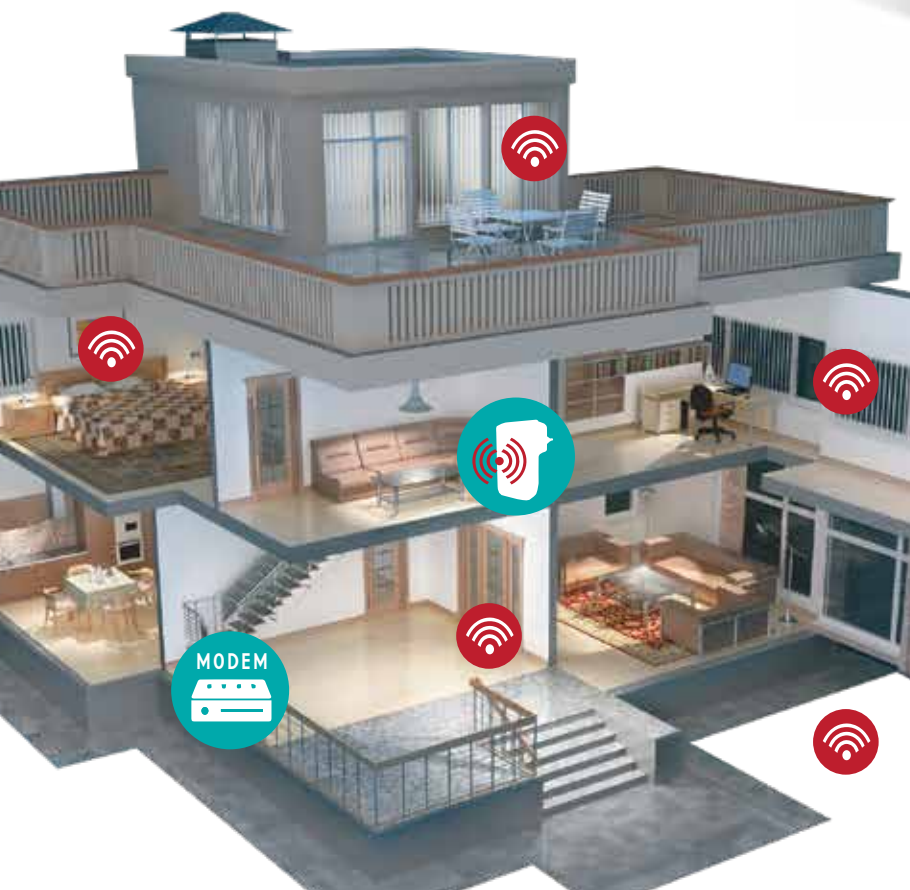

only
8,5 x 5 cm!

WPS BUTTON FOR EASY CONNECTION

PLUG-IN 230V

TECHNICAL SPECIFICATIONS

Standards	2.4GHz: IEEE802.11n - IEEE802.11g - IEEE 802.11b 5.0GHz: 802.11ac - IEEE 802.11n - IEEE 802.11a - IEEE802.3 - IEEE802.3u - IEEE802.3ab
Support	Repeater, AP, client mode, WISP
Dual-Band	2.4GHz & 5GHz
Max. speed	1200 Mbps
Maximum WLAN security	WPA2, WPA and WEP (128/64)
Web Management	Yes
Antennas	Integrated
WPS button	Yes
Power Supply	100V-240V AC
Operating temperature	0° C~40° C
Storage temperature	0° C~70° C
Relative humidity	10% ~ 90%, Non Condensation
Color	White
Dimensions	85 x 50 x 80 mm
Weight	77 g
